07 February 2019

Dear Parent/Carer

RE: Digital Learning and Safety Evening

We would like to invite you to attend a 'Digital Learning and Online Safety' evening at The Whitstable School on the 13th February 2019 at 18:00 in the Stage. Pupils' safety online is a key issue for families and we want to help you to feel informed about how to keep your children safe online.

During this session, we will demonstrate the multiple digital learning platforms that are available to students both in school and outside. These include Tassomai and GCSE Pod. There will also be a guide to using and accessing Show My Homework to support your child's learning at home.

Our main presentation will be on internet safety and social media. This will help to inform you about steps you can take to keep your children safe while using the internet. The session is appropriate for parents in Years 7 through to 11.

Please email me at the address below if you would like to attend this important session.

Yours sincerely

Mr S Scales
Deputy Headteacher
